Talking Rain
AQA

TALKING RAIN AQA ALKALINE WATER 1L BOTTLE

OVERVIEW

AQA is a 9.5pH* water that offers essential hydration needed for health and well-being. AQA is Water with a Purpose; not only supporting overall hydration, but also through our proud partnership with Waterboys.org. Twenty cents of every case sold is donated to aid in community clean water projects that help Waterboys accomplish the mission of clean water for all.

BENEFITS

9.5 pH+ premium water that offers essential hydration for health and well-being

Socially responsible water providing \$0.20 to a charity per case in supporting clean water in local and global communities.

Essential Electrolytes and Minerals added for great taste

Convenient 1 Liter bottle
